## St Carthage's Steering Committee Church Flower Roster

Liz Dohrmann has gathered a group of people willing to be rostered to attend to flower arrangements in the church.

They have decided to place orchards in the sanctuary and they are expected to last for some months. There are two weddings booked for February and two for March.

The orchards will be replaced on these weekends.

Also we will continue the arrangement of employing a professional florist for Easter.

The group will assess if this approach to flowers in the sanctuary is appropriate when the recently installed orchards have finished their time of blooming.

"Male and female He created them".  
- Genesis 1: 27

But – is it always as simple as that?

## **GENDER ISSUES EXPLORED**

It seems to be becoming more common now to hear that we are in the midst of a "Gender Revolution". What does this mean, and what are its implications for our experience and acceptance of the sexuality of others?

What is meant by gender dysphoria, how common is it, and what are the likely implications of it for a person's mental health? Is it a recent phenomenon, or has it only recently been given attention? What are the ethical, psychological and medical Issues Involved in gender re-assignment?

Associate Professor Campbell Paul, our presenter, is a consultant infant and child psychiatrist at Melbourne Royal Children's Hospital, and works with its gender service group.

He appeared on the ABC's Australian Story last year when the court gave permission to Georgie Stone to change her gender.

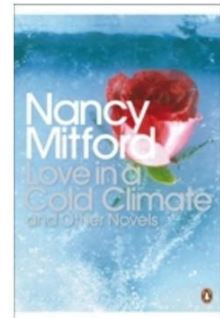

The PUMPHOUSE HOTEL provides a spacious and comfortable atmosphere. Meals available from 6.00pm – 7.30pm.

Remember: Support the Pub that supports SIP – Dine at the Pumphouse!
