We need a Synodal Church, not just an occasional Synod

Prominent among the reforms that Pope Francis has been calling for is his call for a synodal Church where everyone can speak up and everyone listens to one another. Collegiality of the bishops is not enough: we also need synodality where all the People of God are encouraged to contribute and where the sense of the faith of the people is respected, is listened to and influences decision making in the Church.

What would such a Church look like? Why has it not been happening? What are the prospects of it happening soon in Australia?

Fr Noel Connolly SSC, currently a member of the Facilitation Team for the Plenary Council of 2020, is also a lecturer in Missiology at both the Broken Bay Institute and the Catholic Institute of Sydney. Formerly, he was Vicar-General of Columbans world-wide and Director of the Columbans in Australia and New Zealand, with extensive experience in Korea and the Pacific.

The St ANDREW'S HOTEL provides a spacious and comfortable atmosphere. Meals available from 6.00pm –7.30pm. Remember: Support the Pub that supports SIP – Dine at the St Andrew's !

*Mandeville Hall is a 19th century mansion, classified by the national Trust.

Now a part of Loreto Mandeville Hall Toorak, a Catholic school for girls, the original building was erected by Alfred Watson in 1867. The exquisite interiors, created by London firm, Gillow and Co. are recognised as the earliest intact and most important examples of the Aesthetic Movement in Australia. Because this venue is so special and to give you a chance to experience several of the fabulous period interiors, all attendees are invited to a reception after the one-hour concert in the Foyer, the Oak Parlour and the Drawing Room.
