White Elephant Vase Stall

Next weekend our St Vincent de Paul Society members will offer for sale a range of vases

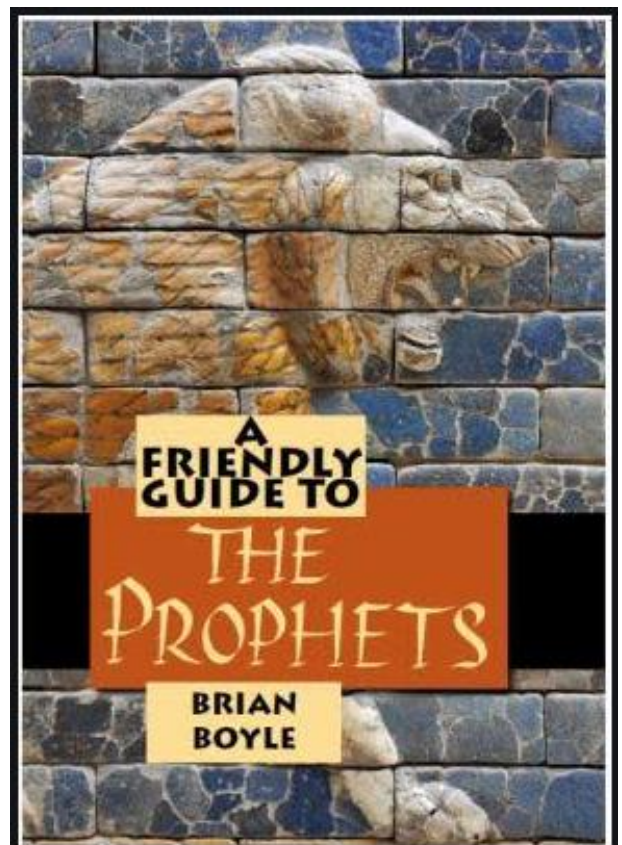

that gradually clutter the sacristy after weddings and funerals, often these vases sell for \$50 to \$60 bargain prices to aid our funds for those in need.

A friendly Guide to The Prophets!

Fr. Brian Boyle has written a non-technical booklet to research into the prophets.

Available at the back table of the Church at \$35.00 per copy.

Volunteers Needed Please!

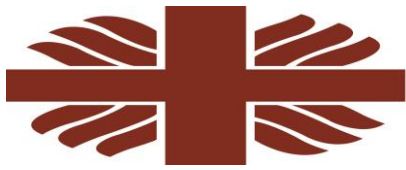

It is clear that the recording of people attending services in the Church will continue to be needed for some extended time. This is the first measure to assist in case tracing the virus has to be implemented in any particular building or locality.

Some members of the Parish Council have been supervising sanitizing hands and ensuring records are taken each time people enter the Church Porch.

Please contact Sr. Heather if you could join a proposed roster for helpers.

Brigidine Asylum Seekers Project

STRENGTH AND KINDNESS

The Brigidine Asylum Seekers Project (BASP), is a movement formed by people seeking justice for those disturbed and broken by horrible circumstances in their homelands. Violence, cruelty and destruction means to live is to escape.

The Brigidine Asylum Seekers have established a Project meant to meet these people and offer practical support.

Below is an extract from their monthly newsletter....

What issues still need to be kept before the community?

1. Asylum seekers in the community need access to work rights and ongoing appropriate income support throughout the whole time of their applications being processed.

2. Temporary protection visas should be abolished. Existing temporary protection visas should be converted into permanent visas. (Temporary visas there is no chance to have family reunion and it also means those given only temporary visas cannot really establish themselves for the future).

3. There should be time limits for all aspects of the process of seeking asylum. Three months detention should be a maximum and one month if a person has serious mental health issues. If the whole process takes any longer than a year the person should be given a visa to stay.

4. Bridging visas should be renewed until a final decision is made because many people are living without any visa and therefore are without any rights— including work rights, Medicare or income.

One day, many years from now,
another Prime Minister will stand up
and apologise for the damage done
to refugees in detention.

We will be told that we
didn't know then
what we know now.

But we did know. We always knew.
We just chose not to hear
and to silence those
who tried to remind us
of the truth.

- Richard Flanagan,
