

A detailed botanical illustration of a coastal landscape. In the foreground, there are various Australian plants, including yellow banksia flowers, red waratahs, and orange and yellow banksia cones. A small wooden chapel with a steeple is nestled on a rocky shore. In the background, there are rolling hills and a body of water. The sky is light blue with a few birds and a spider web. The overall style is a soft, painterly illustration.

7.30pm, Friday
30 October 2026

Elisabeth Murdoch Hall,
Melbourne Recital Centre
